TO ALL OVERSIGHT AGENCIES AND MEDIA: URGENT ALERT: Evidence package documenting systematic corruption in Canadian justice system now filed with courts. This evidence package documents systematic corruption in R. v. Longo #21-845 involving: - Digital evidence tampering with mathematical proof - Multi-agency criminal conspiracy - Complete institutional capture - 300+ violations, \$36M+ damages KEY FACTS: - Digital evidence tampered at 10 PM in courthouse - Crown recorded admitting "we scrub evidence all the time" - Zero actual damage case prosecuted for 4+ years - 15+ agencies compromised through personal networks - Mathematical impossibility of digital timestamps proves deliberate evidence manipulation by Crown attorneys and court officials This represents the largest documented corruption case in Canadian legal history with complete institutional capture proven through forensic evidence. Your agency has 24 HOURS to respond or become documented as complicit. CRITICAL EVIDENCE INCLUDES: - Digital certificates modified BEFORE creation (impossible timestamps) - Crown Attorney Ashley Dale recorded stating "we scrub evidence all the time" - Zero actual damage (\$300) prosecuted for 4+ years - 15+ agencies compromised through personal networks - Complete justice system capture documented with forensic proof Evidence available for verification. NOTICE: This communication is protected by litigation privilege. Any attempt to obstruct, tamper with, or destroy this evidence constitutes obstruction of justice under Criminal Code s.139.
